Rates on parcel post, air mail, etc., may be secured from the post office.

Aids to Proper Mailing

Write name and address plainly, completely and in ink. Place return address on all mail. Prepay postage fully. Always address mail for city delivery to street and number and include zone numbers wherever applicable.

Insure valuable parcels except those containing small articles of considerable value which should be registered.

Wrap parcels securely, be sure that the wrapper is of sufficient strength and that it is tied tightly. Fragile or perishable matter should be so marked.

Mail early—you will often gain a day's time in delivery by depositing mail as soon as it is ready.

Feel free to consult your post office at any time.

The next best thing to attending a family reunion in person is a get-together by low-cost long distance. You can be connected with different members of your family at different places on the *same* long distance call. Each can talk and be heard by the others. Just ask for the Conference Operator — she'll be glad to take care of the details.

All modern systems for employing electricity in speeding men's messages are made up of multitudes of "sympathetic contrivances." Even the most minute details of the vast amount of equipment and other facilities required to provide nation-wide telephone service must be so designed and fashioned as to work together in perfect harmony and coordination—in an inanimate sympathy, as it were, which enables them to function as parts of an efficient, dependable whole.

BUTLER buildings

the lowest cost way to build well

LOW ROOF PITCH. The new, modern, low-profile Butler building for wide-span construction up to 120 feet, post-free interiors. Ideal for retail stores, warehouses and factories. All metal or Butler System types.

BUTLER SYSTEM BUILDINGS. The famous Butler rigid frame and roof combined with traditional materials. Smart, modern, architect-design to your taste. Economical. Fast construction.

ALL METAL. So outstanding in quality that more Butler metal buildings are used in industry, commerce and agriculture than any other metal building. Widest range of sizes.

The next best thing to attending a family reunion in person is a get-together by low-cost long distance. You can be connected with different members of your family at different places on the *same* long distance call. Each can talk and be heard by the others. Just ask for Conference Operator — she'll be glad to take care of the details.
